Pre-School and Early Childhood Science Activities Workshop

Dr. Renee O'Leary, classroom educator for many, many years to children ages 3-8, will be presenting interactive science explorations for Pre-K thru Early Childhood teachers. Fifteen fun modules will be used to explore lots of ideas and approaches for making science learning exciting and effective. Dr. O'Leary has presented at numerous science and early childhood training conferences, including international meetings. Fun, energetic and someone who knows her children's needs and thinking, you will thoroughly enjoy this workshop presentation and the materials and lesson manual you will get to take home. Come and see how children can explore science concepts through "new eyes" and simple materials. Then learn to teach with them!

When:

Wednesday, October 22, 2008

From: 1:30-4:30pm

Where:

The College of New Jersey
Armstrong Hall 102
